LUND

1999

A Tradition of Quality

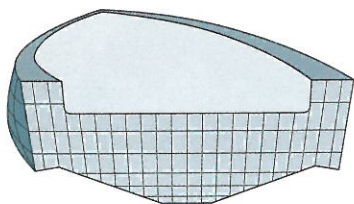

Always advancing.

Fishing's most famous hull now takes performance to an even higher level.

A good part of the Lund legend sits squarely atop the most respected hull in the industry. For more than fifty years, the Lund hull has represented the very best in durability, handling, and comfort for your passengers and family. When you go on the

water in a Lund, you know you're in the best-built fishing boat in the world. That kind of security makes you more confident. It makes you more comfortable. It makes every outing that much more fun.

Our new IPS™ hull features an Integrated Power Strake designed to provide more non-turbulent water to the propeller for better performance. When you advance the throttle, IPS pops you out of the hole faster than you can say "grab my hat!" You ride faster, higher, softer, and drier. And performance is much less sensitive to added weight. Available on selected models, the state-of-the-art IPS hull combines with the new high-tech outboards to offer incredible fuel efficiency. Plus, the new wider footprint gives you better stability for more control.

When you advance the throttle, IPS pops you out of the hole faster than you can say "grab my hat!" You ride faster, higher, softer, and drier. And performance is much less sensitive to added weight. Available on selected models, the state-of-the-art IPS hull combines with the new high-tech outboards to offer incredible fuel efficiency. Plus, the new wider footprint gives you better stability for more control.

We've made that experience even better now with our new Integrated Power Strake™ hull. Stop by your Lund dealer for a closer look and you'll see a wider, more dynamic design that forces more water – and fewer air bubbles – into the propeller for enhanced performance in every way.

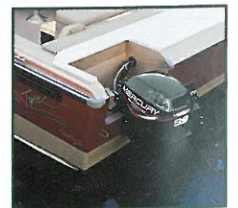

New ProControl Console

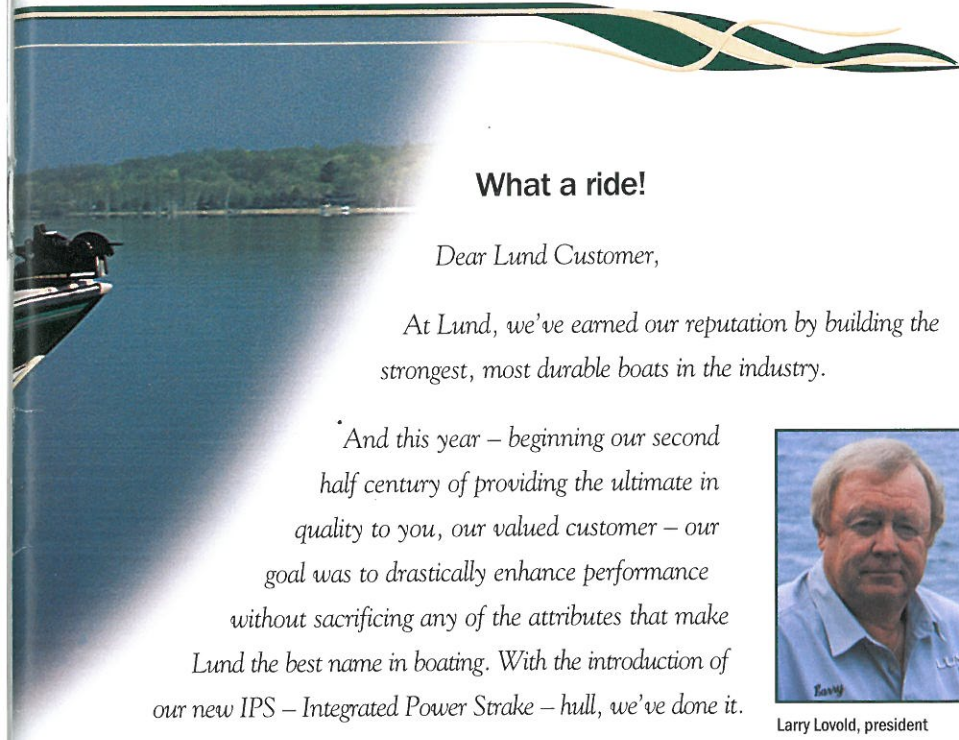

Fishability is our other legacy, and this year we've added a new ProControl console that's extremely durable and highly functional – and just perfect for serious anglers and boaters alike.

And on some models we've placed the aft live well starboard and added a new port-side hold that you can use for a cooler, storage, or even another live well. We have new graphics and drink holders, too, and some models also have special storage for skis. We're also introducing three new stern drive models called Gran Sport ITS™ – Integrated Trolling System™ hull. During the late 1970's and early

1980's, Lund offered an auxiliary motor transom cutout on Tyee and Offshore models. Now for model year 1999, Lund is offering a complete stern-drive trolling system that includes dual steering and dual controls, plus an integrated tackle storage system and a motor well designed to accommodate popular 9.9 and 15 HP four stroke motors. See pages 3-5 for more of the things that make every Lund special.

New ITS hull on select I/Os

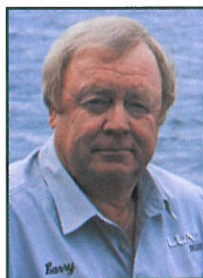

What a ride!

Dear Lund Customer,

At Lund, we've earned our reputation by building the strongest, most durable boats in the industry.

And this year – beginning our second half century of providing the ultimate in quality to you, our valued customer – our goal was to drastically enhance performance without sacrificing any of the attributes that make Lund the best name in boating. With the introduction of our new IPS – Integrated Power Strake – hull, we've done it.

Larry Lovold, president

Thanks to this remarkable new hull – and the dedicated efforts of the finest craftspeople I know – your new Lund will now reach unprecedented levels of performance. It will be quicker planing, faster, more efficient, smoother, and drier-riding. It will be as close to perfect as any hull you'll ever drive.

Of course, none of this performance would be possible without the inherent advantages of aluminum. Besides being more durable than competitive materials, it's also lighter and has a greater strength ratio for easier towing and more capacity. It's also more economical and requires less maintenance. Fifty years ago it was hailed as a space-age material – and rightfully so. Today it's still the best boat-building material in the world, and we at Lund are still the best at deriving its maximum value. That's why Lund's resale value is number one in the industry.

Visit your Lund dealer for a closer look at our 1999 line-up. See for yourself why Lund is the choice of fishing professionals everywhere. Let us build a new Lund for you and your family and you'll know why our customers are customers for life.

Larry Lovold, President

Specification Chart	53-54
---------------------------	-------

Everywhere you look you'll find one

Each and every year we improve our boats to make sure they remain the most dependable boats you can buy. By insisting on the highest standards of construction in every boat we build, we create the most-unified, unyielding boat structures on the water.

But look closer and you'll also see that we create the smartest fishing boats ever designed, with more features and boating conveniences than a showroom-full of competitive models. Your time on the water is special – spend it in a special boat.

ACQ-Treated Plywood Decks and Floors

Lund uses the finest flooring material available, and what a difference it makes. And our environmentally friendly ACQ treatment is such a highly effective preservative that we gladly warrant our floors for life.

ProRide Seats/AirRide Pedestals

These are the best seats in boating, with pinch-free hinges, sturdy plywood construction, dense poured-foam cushions, and adjustable power pedestals for a smoother ride with increased control. Built to last the lifetime of your boat, Lund seats make every boat ride more comfortable and secure.

High-Performance Paint System

Lund has formed key strategic alliances to create the most advanced marine painting system ever available. Our automotive-quality paint ensures not only a more luxurious finish, but also improved resistance to chipping, peeling, and cracking. You've never seen a boat finish quite like this.

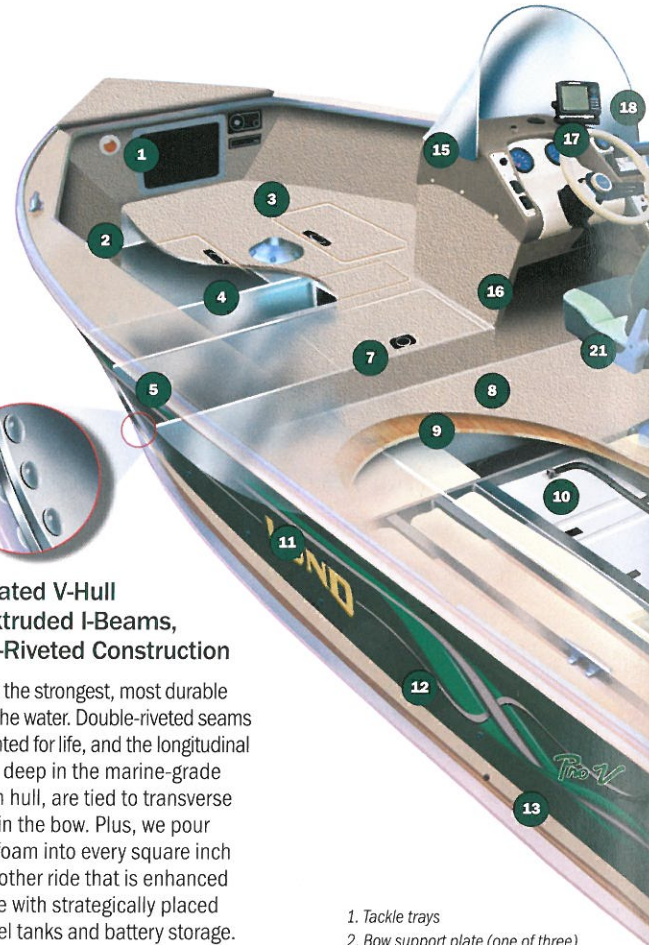

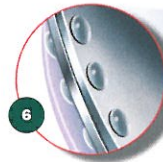

Expert Pre-Rigging

We'll make sure that your Lund is equipped with only those parts specified for your model. And no matter which major outboard motor you choose, Lund uses manufacturer gauges and controls, each expertly installed by Lund professionals to make sure your Lund is in dependable working order.

Twin-Plated V-Hull With Extruded I-Beams, Double-Riveted Construction

Lunds are the strongest, most durable boats on the water. Double-riveted seams are warranted for life, and the longitudinal stringers, deep in the marine-grade aluminum hull, are tied to transverse stringers in the bow. Plus, we pour flotation foam into every square inch for a smoother ride that is enhanced even more with strategically placed in-floor fuel tanks and battery storage.

1. Tackle trays
2. Bow support plate (one of three)
3. Bow storage
4. Bow ProLong live well
5. Single-piece rail extrusions
6. Twin-plated V-hull

8. Marine carpeting
9. Exclusive ACQ-treated, environmentally friendly decks and floors
10. Built-in, center-mounted fuel tank
11. Extended free-board heights for a higher, dryer ride
12. Hand-applied graphics
13. Oven-cured finishes
14. Double-riveted seams
15. The style and ergonomics of Lund's industry-leading consoles
16. Console storage
17. Padded tilt wheel
18. Electronics mounting platform
19. Controls for industry-leading live wells
20. Firmly padded ProRide seats

Industry Leading Warranty

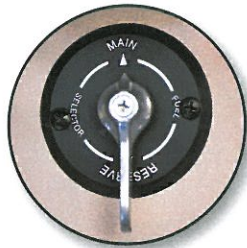

Lund stands behind every boat we build with the best warranty in the industry. But then, when you have the best-built boat on the water, the best warranty is easy. Please see the Lund Limited Warranty for complete details.

more reason to buy a Lund.

Abundant Storage

Fifty years of boat-building experience has taught us how to bring you the extras you want, like ample, convenient storage bow to stern.

ProPlus Reserve Fuel System

Run out of gas in a Lund? No way! If you're running low, just flip the fuel selector lever from "main" to "reserve" and you have a true reserve supply of fuel to make it safely back to port. ProPlus is the largest integrated fuel system in the industry – giving you the greatest cruising range and highest level of security of any boat.

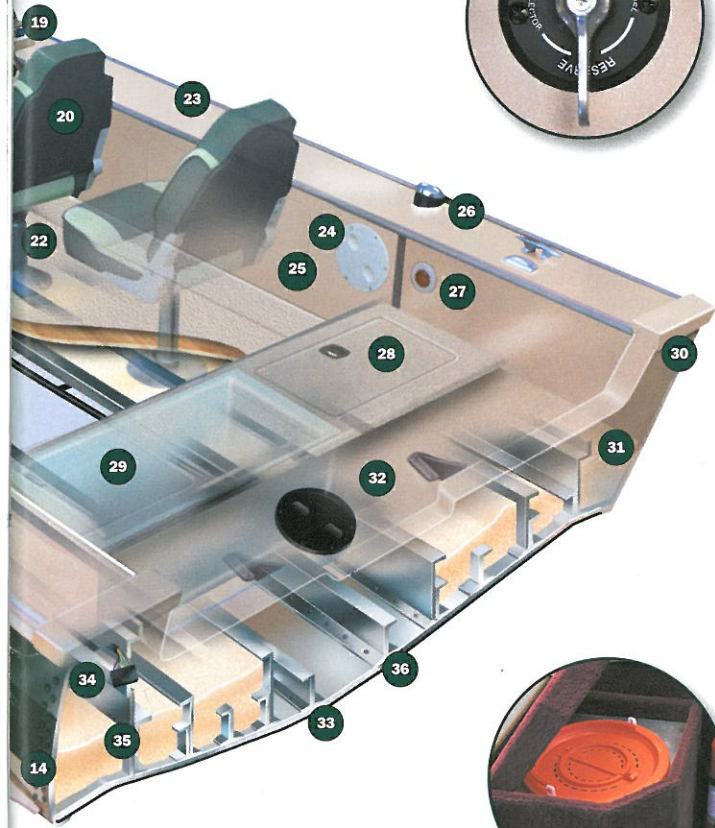

Unmatched Resale Value

Lund boats are famous for holding their value better than any other boat. So when you're ready to upgrade to another Lund, you'll find that Lund has the Number-One resale value in the industry.

Electronic Command Center

We put the finest electronics in the ideal fishing position, so you have complete boat control without ever leaving your seat.

- 21. No-pinch solid metal seat hinges
- 22. AirRide pedestals
- 23. Reinforced decks for solid downrigger mounting
- 24. Easy-access service portals
- 25. Padded vinyl-wrapped interior surfaces
- 26. Easy-access gas tank fill
- 27. Interior lighting
- 28. Aft battery storage
- 29. Aft ProLong live well
- 30. Durable corner castings
- 31. Heavy-duty transom
- 32. Deep, self-draining splash well
- 33. Longitudinal extruded I-beam
- 34. Automotive style color-coded wiring harness
- 35. Poured foam flotation
- 36. Integrated Power Stroke™ hull

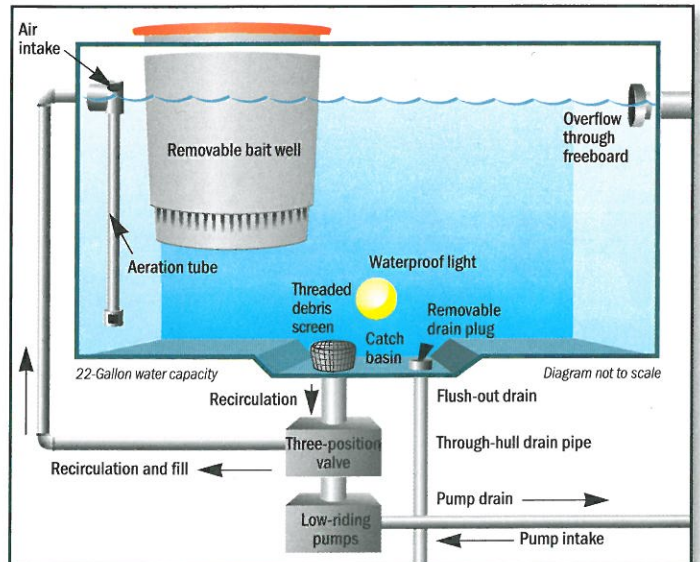

Bait Well System

Lund's exclusive aerated bait well system features a unique lift-out liner that keeps bait livelier longer. And each well is in perfect position for the ultimate in speed and convenience.

Lund's Exclusive ProLong Live Well System

At Lund we strive to do everything possible to enhance the world's fisheries – and ProLong live wells do more than any other live well ever built. Our unique design keeps fish alive and healthy longer than any other system – with timed-aeration, lighting, draining, filling, and recirculating all controlled from the console. And, unlike other wells, Lund ProLong live wells provide a full 22 gallons of water.

Note: Not all features are available on all models. See specific catalog pages and your Lund dealer for details.

Accessories and Options

Stand up tops go back to splash pan & snap on

You'll find Lund's unwavering commitment to quality on every product that carries our name. Ask your Lund dealer for additional details.

Mooring Covers

Heavyweight canvas protects your investment.

Stand-Up Canvas Tops

All-day wide-brimmed protection from the elements.

2025 Pro-V Magnum SE

Pro-V

"If you love to fish as much as I do, then you owe it to yourself to someday own a Lund."

Al Lindner
Host, In-Fisherman TV

"I love this boat. It rides like a dream, and whether I'm in glassy water or fighting ten foot waves, Lund is the only boat I want to be in."

Gary Roach
"Mr. Walleye"

New ProControl Console

Lund knows how anglers think, and this durable, highly functional console puts every control where you need it.

Integrated Tackle Trays

2025 Pro-V's include smartly designed tackle trays built right into the console. The sliding trays are removable.

Electronics Command Center

Set up all your electronics in a single, lockable space, and ask your dealer about optional Lund Selectronics.

2025

Pro-V Magnum LE

Pro-V Magnum SE

Pro-V Mr. Walleye

More can be better. A lot better.

More space. More stability. More features. The 2025 has more of everything you need to catch more fish and have more fun doing it. It's the perfect multi-species fishing boat: versatile, functional, fishable – and more.

SSV

18
16
14

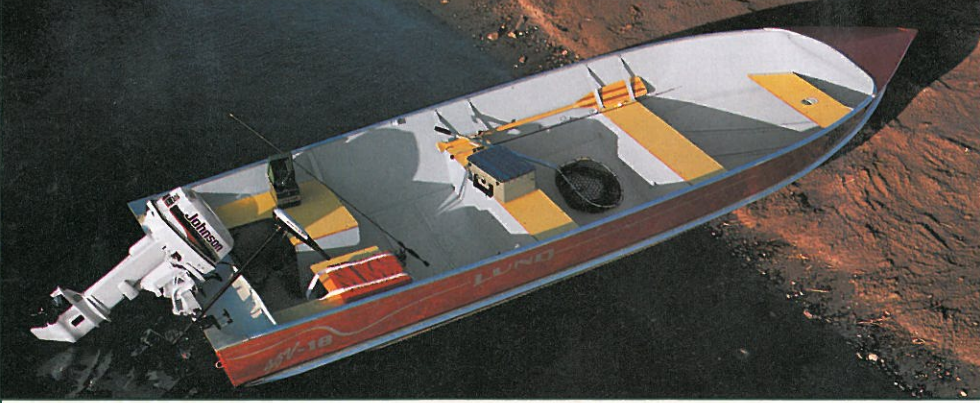

"These SSV's are so tough they drop them from float planes into Canadian lakes. Try that with another boat ..."

Greg Alcock
Pat's Outboard
Kenora, Ontario

SSV-16
Shown with optional cast aluminum oar locks

SSV 18

With Lund's true V-bottom hull and integrated seating, SSV's are incredibly stable. Unlike other seats, Lund Perma-Ply marine-plywood seats add essential stabilizing qualities while also keeping you warm when it's cold and cool when it's hot.

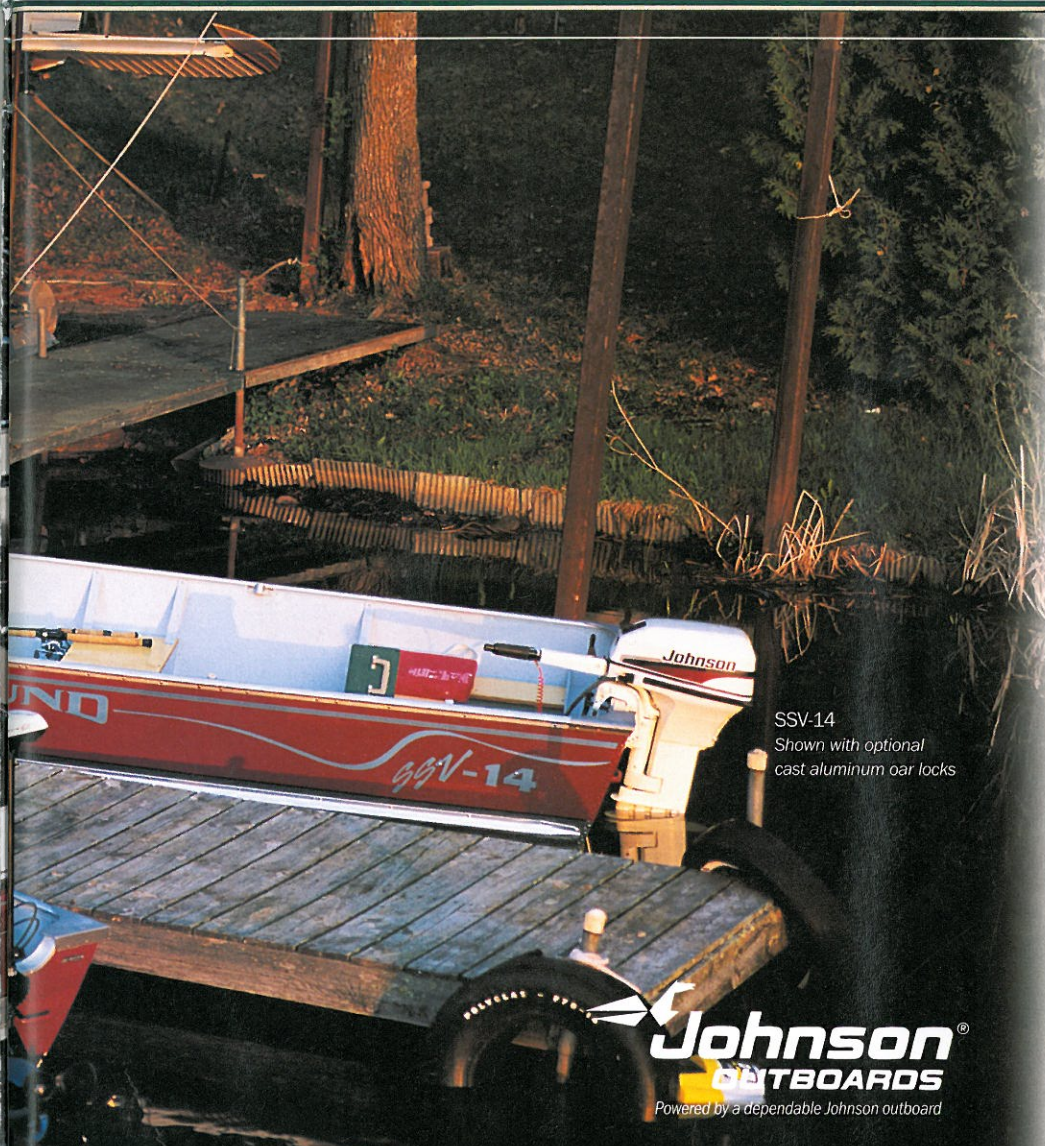

New Optional SSV Console

Now you can add a stylish starboard-side console to any SSV model. And each is guaranteed Lund-tough.

Laker

Johnson
OUTBOARDS
Powered by a dependable Johnson outboard

14 Laker

Lakers feature a large flat floor with vinyl covering and spacious, durable seating. Other standard features include an aerated live well, fuel tank storage, navigational lighting, rod holders, and storage compartment.

SSV18 • SSV16 • SSV14

Strength. Security. Value.

We recently made each SSV longer, wider, and deeper. And we added a true V-hull for enhanced comfort, control, and performance.

SSV Features:

- True V-Bottom hull • Level flotation
- Comfortable, long-lasting Perma-Ply wood seats
- Fuel tank storage • Self-draining splash pan
- Solid seat braces • Stern handles
- Choice of 15" or 20" transom

SSV 18 Additional Features:

- 18'6" with 75" beam • Rated for 60 HP
- Walk-through seat • Bow deck • Battery holder

SSV 16 Additional Features:

- 16'2" with 71" beam • Rated for 40 HP

SSV 14 Additional Features:

- 14'2" with 69" beam • Rated for 35 HP

SSV Options (not all models):

- Mooring cover • Camouflage paint
- Console with mechanical steering
- Navigational lighting
- Removable flat vinyl floor

16 Laker • 14 Laker

Lean, mean fishing machines.

With essential fishing features and classic Lund double-riveted construction, Lakers work hard to make the most of your money.

Laker Features:

- Bow eye • Flat vinyl floor
- Navigational lighting • Rod holders
- Stern handles • Aerated live well
- Self-draining splash pan • Fuel tank storage
- Storage compartment storage

16 Laker Additional Features:

- 16' with 72" beam • Rated for 40 HP

14 Laker Additional Features:

- 14'2" with 69" beam • Rated for 35 HP

Laker Options (not all models):

- Mooring cover • Camouflage paint
- Swivel seat and seat cushions

Fisherman

1800 Fisherman

 **Johnson**[®]
OUTBOARDS
Powered by a dependable Johnson outboard

2100 Fisherman

Aft ProDeck and Dual Live Wells

The Fisherman is your biggest value on big water. It's loaded with everything you want in a high-performance boat, including dual live wells, plenty of storage and fishing space, a highly functional console, and wave-busting power.

You'll find the aft in perfect fishing order, with dual live wells, pedestal seats, storage, and plenty of casting area.

2100

Fisherman
Fisherman I/O

1800

Fisherman
Fisherman I/O

"Lunds are great boats for families. They're roomy and comfortable and you can just feel how well they're built."

Barb Rakozy
Avid boater

Cut big water down to size.

The double-riveted V-hull provides plenty of Lund backbone to manhandle big waves. Meanwhile, you're sitting high and dry, surrounded by quality, comfort, and style – and the world's finest fishing features.

Fisherman Series Features:

- ProPlus reserve fuel system
- Dual auto-timed aerated live wells
- Navigational lighting
- Large flat floor
- Fold-down seats
- Custom-molded dash
- Walk-through windshield
- Bow ProDeck conversion
- Bow trolling motor plug-in
- Lockable rod lockers
- Extensive storage
- Wide decks for downrigger mounting

2100 Fisherman O/B Additional Features:

- 20'3" with 90" beam
- Rated for outboards up to 200 HP
- Built-in 57-gallon fuel tank
- Aft ProDeck
- Two bilge pumps – one automatic

2100 Fisherman I/O Additional Features:

- Built-in 57-gallon fuel tank
- Full, lighted instrumentation
- Insulated motor cover
- Mercruiser or Volvo controls
- Two bilge pumps – one automatic

1800 Fisherman O/B Additional Features:

- 18'3" with 87" beam
- Rated for outboards up to 150 HP
- Built-in 32-gallon fuel tank
- Aft ProDeck • Bilge pump

1800 Fisherman I/O Additional Features:

- Built-in 27-gallon fuel tank
- Full, lighted instrumentation
- Insulated motor cover
- Mercruiser or Volvo controls
- Bilge pump

Fisherman Options (not all models):

- Mooring cover • Sun top and bow cover
- Complete canvas • Cockpit cover
- Bow cushions • Vinyl floor
- Convertible sunbather seat
- Additional pedestal seats
- Boarding ladder • Boarding platform
- Factory O/B rigging

Adventure Series

2100 Fisherman I/O

Whether you choose Mercruiser or Volvo controls, you'll find that your Fisherman I/O runs like a finely tuned automobile. It's an extremely clean and quiet ride – but it also has all the horses you need to take on big water.

Pro Sport

"Guides realize the quality and workmanship that go into every Lund."

Tom Neustrom
Pro fisherman, guide

1700 Pro Sport

Walk-Through Windshield

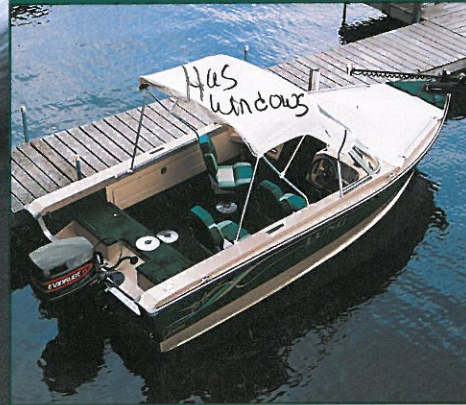

The curved styling puts the sport in Pro Sport. It also offers easy bow access and wrap-around protection.

Molded Dual Console

Stylish consoles on both Pro Sport models are also extremely functional, with all controls within easy reach.

Optional Sun Top and Bow Cover

The sun top and cover are easy to work with and built to offer long-lasting protection from all the elements.

1700

Pro Sport

1600

Pro Sport

A boat for all reasons.

Fish. Ski. Cruise. Whatever you want and whenever you want it, that's why all types of boaters love their Pro Sport. It's fast on plane, sleek in the water, and easy to handle. It also has Lund fishing features and stability galore.

1700 Pro Sport Features:

- 17'2" with 84" beam
- Rated for outboards up to 115 HP
- Built-in 18-gallon fuel tank
- Dual auto-timed aerated live wells
- Bow ProDeck conversion
- Bow trolling motor 12V plug-in
- Bow and aft casting platforms
- Comfortable pedestal seats
- Molded dual console
- Walk-through windshield
- Navigational lighting
- Lockable rod lockers
- Lockable storage
- Large flat floor
- Bilge pump

Rebel

"Our craftspeople take great pride in every boat we build. Let us build one for you."

Larry Lovold
Lund president

New Rebel Hull

Made with high-performance marine-grade aluminum, this true V-hull makes every ride smoother and safer.

Bow Casting Platform

You'll feel the quality construction as soon as you step on. It's solid and stable, with plenty of room to fight fish.

Custom-Molded Console

Rebels feature Lund's own specially molded console that puts total boat control just an arm's length away.

1440-V

Rebel

Rebel SS

Rebel with a cause — fishability.

This new Rebel has an extra wide beam so it fishes like a much larger boat. It also features a smart layout with all the essential fishing features you expect within easy reach. And it's built Lund-tough to last and last.

1440-V Rebel Features:

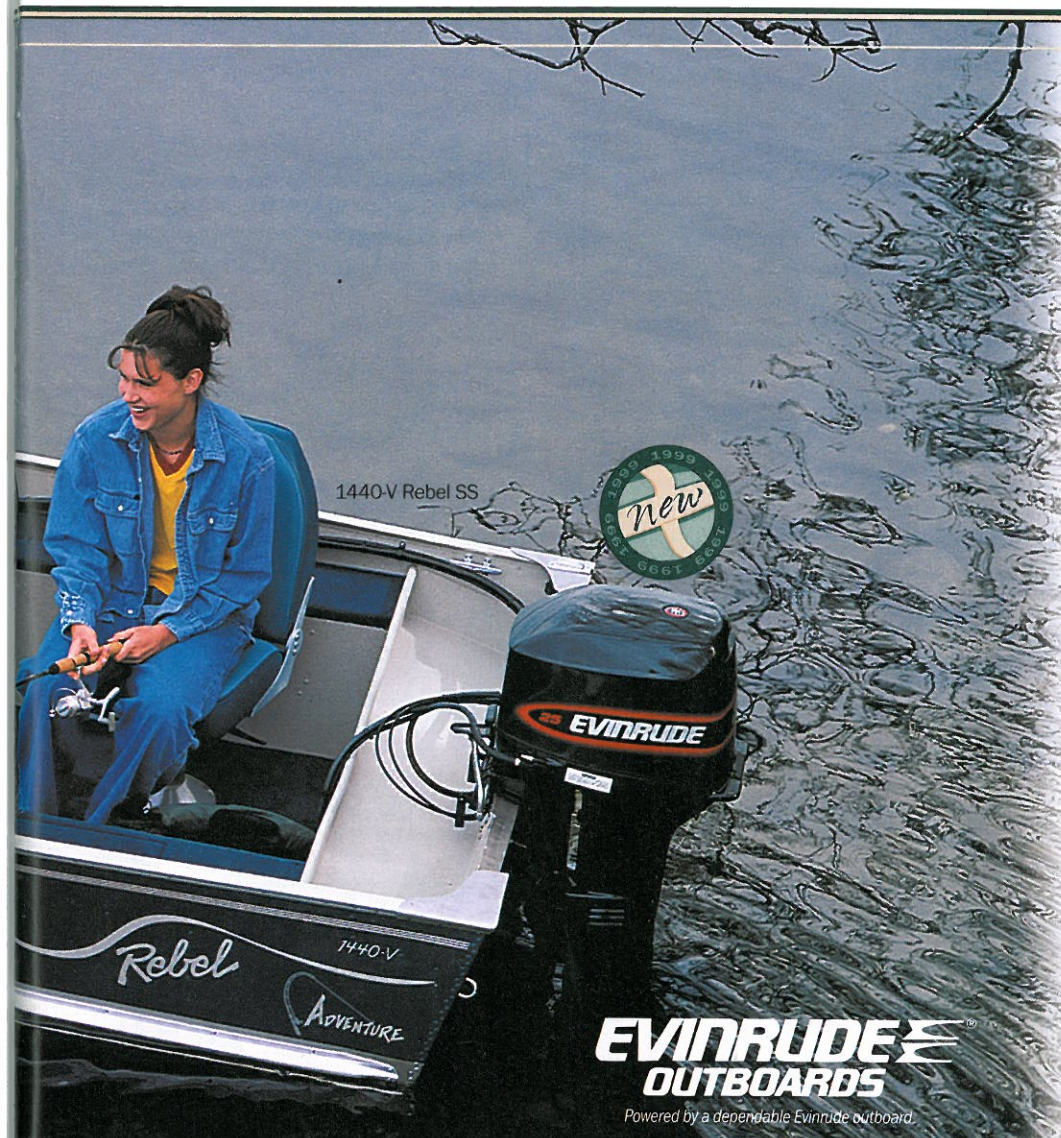

- 14'5" with 73" beam
- Rated for outboards up to 35 HP
- True V-bottom hull
- Flat floor with marine carpeting
- Aerated live well
- Multiple seat bases
- Rod locker
- Bow casting platform with storage
- Deck mounting pad
- Bow storage
- Navigational lighting
- Mooring cleats
- Bilge pump
- Level flotation compliance
- Self-draining splash pan
- Exceptionally easy to haul and launch
- Stores in virtually any garage

1440-V Rebel SS Additional Features:

- Rated for outboards up to 40 HP
- Custom-molded starboard console
- Electronics mounting surface

Rebel Options (not all models):

- Mooring cover • Curved windshield
- Vinyl floor • Factory O/B rigging

EVINRUDE OUTBOARDS

Powered by a dependable Evinrude outboard.

1440-V Rebel

There's no other boat like this 1440-V Rebel. It moves fast and easy, on a trailer or in the water, with a 35 HP rating and a Lund true V-hull for outstanding stability. It also has more fishing features per dollar than any other competitor.

HIGHER STANDARDS

Every Lund boat is built to meet or exceed the highest standards set by the Coast Guard. But first, every Lund must pass the toughest test of all — our own standards for quality and craftsmanship.

INDUSTRY LEADING WARRANTY

Lund Boats warrants to the first retail purchaser of a 1999 model year boat from an authorized Lund dealer that Lund will repair or replace defects in material or workmanship, subject to coverage guidelines. If a structural defect in material or workmanship is discovered in a double-riveted seam or in a wooden floor or deck at any time, while owned by the original purchaser, Lund will repair or replace, at its sole option, any part found by Lund to be defective. If a defect in any other part of the hull or deck is discovered within ten (10) years after date of purchase, Lund will participate in the repair of the part of the boat found by Lund to be defective according to Lund payment schedules. See the Lund Limited Warranty, available from your Lund dealer, for complete details.

RESALE VALUE

When you buy a Lund boat, you become part of the Lund family — and part of our tradition of excellence. When it comes time to sell your Lund boat, your investment in Lund quality will be rewarded.

LUND DEALERS

Because we build the best boats on the water, we can afford to be selective with who sells them. When you see the Lund sign hanging in the window, you know the dealer inside meets Lund's strict standards for customer satisfaction. Stop by any of our dealers and you'll see why they've earned the right to carry the Lund line.

LUND PROFESSIONALS

Without the dedicated efforts of the people at Lund who build our boats and the professional anglers who help design them, the Lund tradition of excellence would not be possible. Thank you.

NOTE:

Some photos of Lund boats in this catalog show factory and/or dealer installed options. Photographs are taken under controlled conditions.

Because Lund is dedicated to constant product improvements, the specifications, options, color selections, and model availabilities of our boats are subject to change without notification.

SPECIAL THANKS TO:

Lund Sportswear Division
The In-Fisherman
Berkley
Quarterdeck On Gull
